- Student does not have a current Behavior Intervention Plan (BIP): Within two days of the behavioral emergency, the designated responsible administrator shall schedule an IEP meeting to review the emergency report, to determine the necessity for a functional behavioral assessment and to determine the need for an interim behavior intervention plan. The IEP team must document the reasons for not conducting a FBA and/or developing an interim BIP.
- Student has an existing Behavior Intervention Plan: When an incident involving a previously unseen serious behavior problem occurs or where a previously designated intervention is not effective, student's IEP team should review and determine if the incident constitutes a need to modify the BIP.
