

Honorable County Board Members and Superintendent Magee,

Our PTAs are all excited to see Back to School in full swing and the enthusiasm and engagement of our students and families.

This year, 17th District PTA is asking for your support and participation...and extending a challenge!

Any PTA district that has its county board of education superintendent and county board of education members join PTA and submits a completed Connecting with Teachers, Administrators and School Board Members application form by January 31, 2022, will be awarded a certificate and recognition on California State PTA social media platforms.

Are you on board to help us meet this challenge? Your PTA membership, whether in Golden State PTA (our at-large unit), or in a local PTA, supports family engagement and outreach, programs to enhance learning, leadership skill-building, communication, and volunteer advocacy – all for the benefit of San Mateo County's children and families.

It's easy to join! Go to <https://capta.org/join/> and type in the name of a local school PTA or join Golden State PTA, or both!

Thanks in advance for your support – with your participation, we can do this. After you have joined, drop me an email. I am looking forward to reporting 100% participation from the San Mateo County Office of Education in January, 2022.

Sincerely,

Colleen A.R. You
5th Vice President for Education and Health
17th District PTA
education@17thdistrictpta.org

PS Feel free to share this with other SMCOE staff, colleagues, and friends.
