Assistance to Probationary Teachers

The Superintendent shall ensure that each new probationary certificated employee is provided with assurances that his/her status as a new teacher is understood and that his/her potential needs for training, assistance, and evaluation are recognized.

The Superintendent shall develop rules and regulations implementing this policy, including formal notices to the new teacher and to the administrator responsible for the supervision of the teacher, giving the above assurances.

The determination of compliance with this policy shall be made by the Superintendent and reported to the Board at least annually.
