November 2022

CITY OF BELMONT CHILD CARE SUMMARY

Brion Economics, Inc. prepared this summary report for the San Mateo County Office of Education (SMCOE), in partnership with the San Mateo County Child Care Partnership Council, First 5 San Mateo County, and the Silicon Valley Community Foundation. This summary report is based on a countywide study of child care needs for children 0 to 12 years old and is one part of a larger, countywide study that identifies current and future child care needs by city, also known as supply and demand analysis.

DEMOGRAPHICS¹

Belmont	2022	2032	Net Change	% Change
Total Population	27,721	28,651	930	3.4%
Total Employees	9,264	9,427	163	1.8%
Children Under 2 Years Old	612	580	(32)	-5.2%
Children 2 to 4 Years Old	975	924	(51)	-5.2%
Children 5 to 12 Years Old	2,091	2,007	(84)	-4.0%
Total Children 0 to 12 Years Old	3,678	3,511	(167)	-4.5%
Children 0 to 12 as % of Total Population	13.3%	12.3%		-1.0%

Note: 40% of 4-year-olds are shifted to School Age, or 5- to 12-year-olds at 2032 for Transitional Kindergarten.

CHILD CARE SUPPLY AND DEMAND AS OF 2022

- **Child Care Providers:** 32 total providers: 11 Family Child Care Homes (FCCH Spaces) and 21 Child Care Centers (Center Spaces) with a total of 1,887 spaces.
- **2022 and 2032 Estimated Supply of Child Care Spaces²**

2022 Supply in Belmont				
Age Group	FCCH Spaces	Center Spaces	# of Spaces	% of Supply
Infants	28	78	106	6%
Preschool	56	610	666	35%
School Age	40	1,075	1,115	59%
Total Supply	124	1,763	1,887	100%
% of Supply	7%	93%	100%	

2032 Supply in Belmont					Change 2022 to 2032	
Age Group	FCCH Spaces	Center Spaces	Total Spaces	% of Supply	Net Change	% Change in Supply
Infants	28	78	106	6%	-	0%
Preschool	56	610	666	35%	-	0%
School Age	40	1,075	1,115	59%	-	0%
Total Supply	124	1,763	1,887	100%	-	0%
% of Supply	7%	93%	100%			

¹ Population and employment data is from ABAG's *Projections 2040*, ELNAT, and ABAG's *Projections 2013*. Please note that totals in charts may be slightly off due to rounding.

² Infants include birth up to 2 years, Preschool includes 2 to 4-year-olds, and School Age includes 5 to 12-year-olds.

- **Planned Spaces:** There is no known planned supply of new spaces in Belmont.
- **2022 Estimated Demand for Licensed Child Care Spaces:** Total need equals 1,914 spaces, including 1,805 spaces for residents and 109 spaces for non-resident employees working in Belmont and commuting in from outside the County.

2022 Demand in Belmont				
Age Group	Resident Demand	Employee Demand	Total Spaces Needed	% of Demand
Infants	228	43	271	14%
Preschool	597	65	662	35%
School Age	981	-	981	51%
Total Demand	1,805	109	1,914	100%
% of Demand	94%	6%	100%	

- **2032 Estimated Demand for Licensed Spaces and Net Change**

2032 Demand in Belmont					Change 2022 to 2032	
Age Group	Resident Demand	Employee Demand	Total Spaces Needed	% of Demand	Net Change	% Change in Demand
Infants	203	44	247	12%	(24)	-9%
Preschool	560	66	626	31%	(36)	-5%
School Age	1,143	-	1,143	57%	163	17%
Total Demand	1,906	111	2,017	100%	103	5%
% of Demand	95%	5%	100%			

- **Estimated Shortage or Surplus of Child Care Spaces in 2022 and 2032**

Estimated Surplus or Shortage of Spaces by Year - Belmont				
Age Group	Surplus (Shortage) - 2022	% of Demand Met - 2022	Surplus (Shortage) - 2032	% of Demand Met - 2032
Infants	(165)	39%	(141)	43%
Preschool	4	101%	40	106%
School Age	134	114%	(28)	98%
Total Surplus/(Shortage)	(27)	99%	(130)	94%

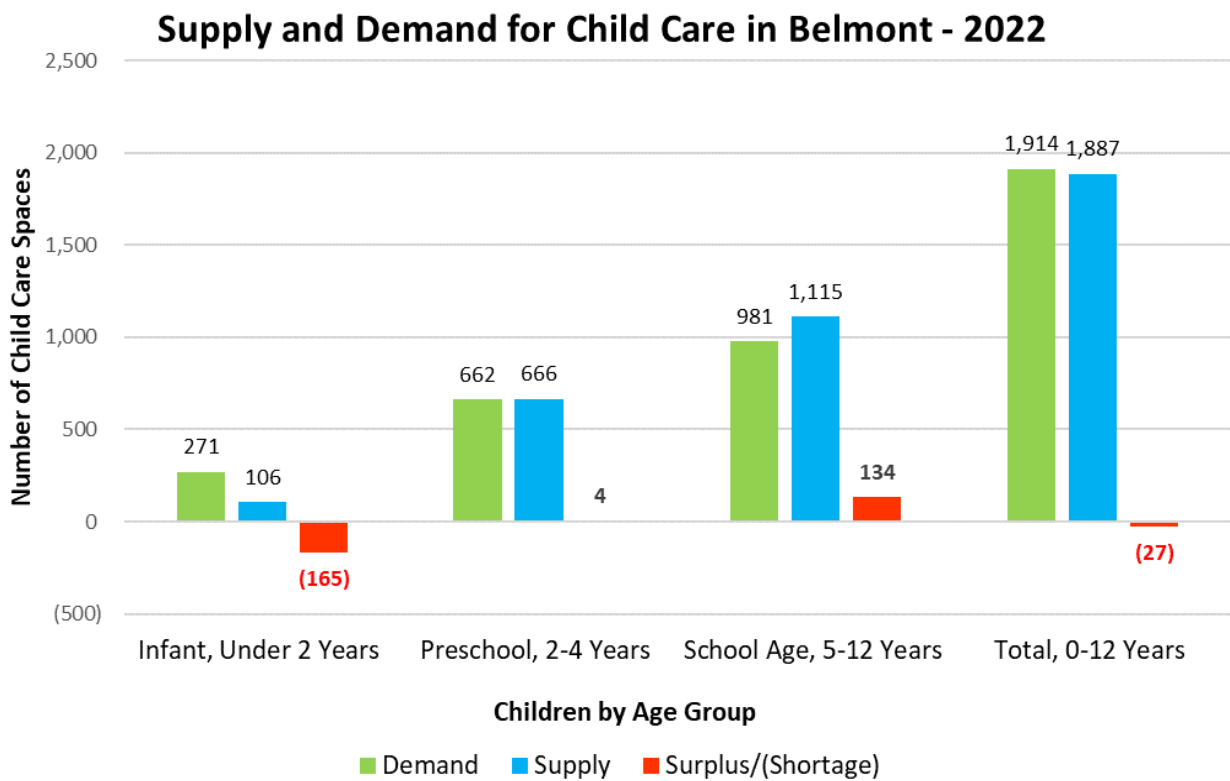

- **Subsidized Need and Spaces:**³ According to data from SMCOE and the California Department of Education, there are 6 Infant and 5 Preschool subsidized spaces in Belmont. According to 2020 data for children 0 to 4 years old from ELNAT,⁴ Belmont has 320 children ages 0 to 4 that qualify for subsidized care. Only 3% of the need for subsidized spaces is being met. There is an unmet need for 309 subsidized spaces for children 0 to 4 years old.

³ Includes State Preschool, General Child Care, ASES, Early Head Start, and Head Start, CalWORKs – Stage 2 and 3, and Alternative Payment programs. Age groups for subsidized care are Infants, birth to 2 years old, and Preschool, 3 and 4 years old.

⁴ Early Learning Needs Assessment Tool created by American Institutes for Research (AIR).

Belmont - 2020 - Subsidized Care and Need			
Item	Infants 0-2 Years	Preschool 3-4 Years	Total 0-4 Years
Estimated Children	986	700	1,686
Eligible (Need) for Subsidized Spaces	159	161	320
Percent of Total Children	16%	23%	19%
No. of Subsidized Spaces	6	5	11
Unmet Need	(153)	(156)	(309)
Percent of Need Met	4%	3%	3%

▪ Supply and Demand Summary by Year

Supply and Demand for Child Care in Belmont - 2032

METHODOLOGY OVERVIEW

- **Resident Population:** Total population and children estimates are based on ABAG’s *Projections 2040* for 2022 and 2032. Population data from the Early Learning Needs Assessment Tool (ELNAT) is incorporated to estimate children by age for each City/Area and countywide.
- **Child Care Demand by Age Group:** The following factors are applied to estimates of total children by age group and year. These data are from the *2022 Parent Survey* (see Chapter 3 of the full Needs Assessment) prepared for this study.

Age Group	2022 Demand	2032 Demand	Difference
Infants - Under 2 Years	37.2%	35.0%	-2.2%
Preschool, 2-4 Years	61.2%	68.8%	7.7%
School Age, 5 or older	46.9%	54.0%	7.2%

- **Transitional Kindergarten (TK):** For 2032 estimates, 40% of 4-year-olds are assumed to utilize TK, increasing the need for School Age child care spaces, and decreasing the need for Preschool spaces. These 4-year-olds are included in the School Age category of children 5 to 12 years old for 2032.
- **Employee Demand:** Using the 2019 5-Year American Community Survey Journey-to-Work data, the number of employees that work in each City/Area and reside outside of San Mateo County is calculated. It is assumed that 3.0% of these non-resident employees commuting from outside the County require child care in the City/Area where they work. This total demand is split 40% for Infant spaces and 60% for Preschool spaces.⁵
- **Subsidies:** Subsidized space data and analysis is from a combination of sources including SMCOE 2022 survey results of direct state contracts, CalWORKs Stage 2 and 3, and Alternative Payment (AP) data from the California Department of Education, and CD-801A Monthly Report for October 2020,⁶ by family residence location. Note that the Early Learning Needs Assessment Tool (ELNAT) does not provide 2020 subsidized data for School age children. ELNAT data is by zip code and has to be combined and/or divided into the study's defined Cities/Areas.

STUDY ACKNOWLEDGMENTS AND FUNDING

BEI would like to acknowledge the following individuals and organizations for their support in this effort:

- Sarah Kinahan, Project Manager, San Mateo County Child Care Partnership Council;
- Child Care Coordinating Council of San Mateo County (also known as 4Cs);
- San Mateo County Office of Education; and,
- Child Care Needs Assessment Ad Hoc Committee Members

Funding for this study was provided by:

⁵ It is assumed that School Age children of non-resident employees require child care near their school.

⁶ This is the most current data available.
