HERE’S HOW A STUDENT STUDY TEAM HELPS YOUR STRUGGLING CHILD:

Your child’s teacher will use alternative instructional strategies to see if they are enough to help alleviate the concern.

- **YES**
  - Your child improves, so their teacher will continue to use the alternative instructional strategies.

- **NO**
  - Your child does not improve, so their teacher will make a referral to the SST.
    
    - **YES**
      - The Student Study Team suggests further strategies to help your child.
      
      - **YES**
        - The SST finds your child improves, so the teacher will continue to use the suggested instructional strategies.
      
      - **NO**
        - Your child does not improve, so the SST recommends a 504 assessment, or an assessment for special education services.
      
    - **NO**
      - Your child does not improve, so the SST reconvenes to try other interventions.

Your child does not improve, so the SST reconvenes to try other interventions.

- **YES**
  - Your child does improve, so the teacher uses these newest interventions.
