

WHAT IS PUBLIC CHARGE?

PUBLIC CHARGE is a rule that immigration can use to deny an application for permanent residence (green card) or certain other visas if the applicant is likely to depend on certain government programs in the future. The Public charge test only looks at certain benefits that the applicant gets (see other side). It also considers his/her current situation, health, age, employment, skills, education, family/sponsor income.

Public charge **DOES NOT AFFECT APPLICANTS** for:

- U.S. citizenship
- Green card renewals
- Asylum/refugee status
- Special Immigrant Juvenile (SIJ) Status
- TPS
- VAWA, U or T visas
- Green cards based on U/T/SIJ, VAWA or Asylum
