**SUICIDE is PREVENTABLE**

*Help Save a Life*

### Did You Know?

- Suicide is the second leading cause of death for youth.
- Most youth who are suicidal don’t want to die; they are in pain and see no way out.
- A previous suicide attempt is the largest predictor of suicidal behavior.
- LGB youth are five times more likely to attempt suicide.
- 30-50% of transgender youth have made a serious attempt at suicide.
- We MUST take every threat seriously.

### Risk Factors - Factors that increase a student’s risk for suicide. They DO NOT cause suicide.

- One or more suicide attempts
- Loss of any kind
- Mental illness
- Alcohol or substance use
- Bullying or harassment
- Friend or family completed suicide
- History of abuse/trauma
- Access to guns or lethal weapons
- Lack of coping or problem solving skills
- Not getting needed services

### Warning Signs - What you might see or hear that indicates a student MAY be suicidal TODAY

**Makes a statement**

“I wish I were dead,” “If such and such doesn’t happen, I’ll kill myself;” “What’s the point in living?”

**Talking/writing about death or suicide**

In text messages, on social media/chat rooms, in school assignments, poems, or music.

**Looking for a way to attempt suicide**

Looking for a gun, pills, or other means. Having a realistic plan about where to get the means.

**Giving their possessions away**

**Rapid shift in mood/affect**

From sullen or depressed to being happy or “at peace.”

**Other behaviors**

- Signs of depression or anxiety
- Feeling like a burden
- Feeling trapped—no way out
- Drug/alcohol use increases or is excessive
- Neglecting appearance
- Drop in grades
- Increased absences

### What to Do

- **Listen to your Student.** Allow them to express their feelings and listen for warning signs.
- **Ask Direct Questions.** Talking about suicide or asking a student if they feel suicidal does not plant the idea in their head.
  - Do you want to kill yourself?
  - Do you have a plan to kill yourself?
  - Do you have access to the means?
- **Keep Student Safe.** Stay with them until someone else arrives. Ask the student if they have any weapons or objects that could harm them. If so, remove them.
- **Immediately Notify** your administrative team, mental health professional on campus, or school resource officer to assess the student for suicidality.
